# FUTURE MOVERS

## PROJECT DESCRIPTION

The Future Movers Programme is an initiative on building an inclusive and market-driven Vocational Educational and Training (VET) ecosystem; and to increase employability and support empowerment among internally displaced persons (IDPs), primarily the youth, in post-conflict Marawi.

After the victory of the Philippine military over armed rebel groups that had besieged Marawi City for over five months, the city has been progressing steadily towards rehabilitation and recovery. While there are existing efforts at multi-sectoral rehabilitation, roadblocks still deter Marawi's progress. In particular, the lack of appropriate construction skills and technical qualifications prevent job-seeking youth from securing jobs and, consequently, uplifting their economic capacity.

With the generous assistance of the Belgian organization, ENABEL, the programme's vision is empower the IDPs of Marawi to get back on their feet. The project is implemented by Asia Society for Social Improvement and Sustainable Transformation (ASSIST), the Colombo Plan Staff College (CPSC), the German-Philippine Chamber of Commerce and Industry (GPCCI), and TÜV Rheinland.

## PROJECT OBJECTIVE

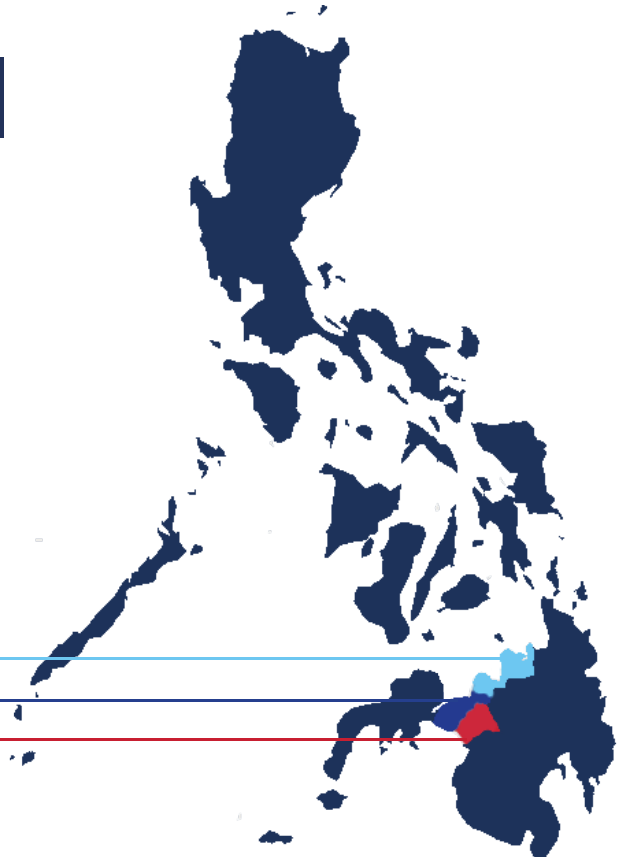

The Future Movers' VET ecosystem aims to *up-skilled* and *right-skilled* youth by improving access to inclusive VET, incentivized completion, and streamlined transition. The programme is founded with multi-stakeholder partnerships, innovative learning approaches, global and standardized skills certification, and comprehensive labour market integration.

## PROJECT SCOPE AND TARGET

**500+**  
internally displaced  
persons (IDPs)

in the following Mindanao provinces:

Misamis Oriental  
Lanao del Norte  
Lanao del Sur

## WHO WILL BENEFIT & HOW?

### OUTPUT

#### Technical & Vocational Institutions (TVI)

Fully functional Online Placement Portal

#### Internally Displaced Persons (IDPs)

Relevant technical-vocational and soft-skills of trained IDPs

#### Industry Representatives

Fully functional Industry Placement Committee

#### Industry Employers and IDP Trainees

Fully operational career hubs

### OUTCOME

At least 500 IDPs in post-conflict Marawi become EMPLOYABLE through access to an innovative VET Ecosystem

Formation of a multi-stakeholder Industry Placement Committee (IPC) co-leading the design of an innovative VET Ecosystem

### IMPACT

Socially and economically empowered IDPs, primarily the youth, in post-conflict Marawi and nearby provinces through increased employability

At least 500 IDPs in post-conflict Marawi become EMPLOYABLE through access to an innovative VET Ecosystem

## PROJECT DONORS

The **VET Toolbox** is a new international facility that provides partner countries with additional and punctual support to enhance or monitor planned or existent VET reform programmes.

[www.vettoolbox.eu](http://www.vettoolbox.eu)

**Enabel** is the Belgian development agency with a mission to implement and coordinate the Belgian international development policy. Enabel manages the development of projects for the account of the Belgian Government and other donors.
